Extract from the Collector of South Kanara Ref.C.No.4912/43 dated 29-6-1943.

REFERENCE:

The Board submits to the Government the proposals for the appointment of a Personal Assistant to the Collector of South Kanara.

2. In February 1942, the Collector applied for reconsideration of the orders issued in G.O.No.1657 Ms., Revenue, dated 29-7-42 in which they agreed with the Board that there was no case for the appointment of a Personal Assistant to him. But the Board still considered that, though the work had no doubt increased it was not so much as to tax the capacity of the Collector and necessitate a reconsideration of the orders passed already. It therefore declined to support his request.

3. The Collector has again renewed his request for the employment of a Personal Assistant to him. An extract of his letter is enclosed. He states that the work has increased so much due to the food situation that he has hardly the time to attend to secret correspondence. South Kanara is just a self-supporting district. The Collector's report shows that he is experiencing considerable difficulty in securing local stocks and that he is embarking on requisitioning on a large scale. This work requires the personal attention of the Collector if abuses are to be prevented.

4. In the circumstances, the Board supports the Collector's request and recommends that the Government may be pleased to sanction the employment of a Personal Assistant and two peons to work under him till the end of December 1943, i.e. till the next paddy crop is harvested and is ready for the market.

5. The Collector has requested sanction for the employment of an additional Huzur Head Clerk in his office to cope with the increase of work due to War. But his proposals are neither fully explained nor supported by comparative statistics of work. He is requested to submit fuller proposals, stating the number of clerks that are engaged in war work, the subject they deal with along with comparative statistics of work for the pre-war and war periods. His proposals for the employment of a Personal Assistant are being recommended to the Government.

As regards stone maintenance, the arrears in Kattalai firka are very heavy. It was agreed at the discussion that the Revenue Inspector of that firka may, without difficulty be directed to do not less than 30 renewals per month instead of 20 (the prescribed minimum) till the arrears are reduced. This may be approved.

The arrears under subdivisions are heavy in Kattalai firka and very heavy in Kulittalai firka. The very heavy arrears in Kulittalai firka are due to several samudayam sub-divisions having been effected in connection with the Kattalai High Level Channel scheme. The Tahsildar states that proposals will be submitted for the appointment of a special Revenue Inspector for the checkmeasurement of these subdivisions, as it is not possible for the firka Revenue Inspector to cope with the work. For the clearance of arrears in Kattalai firka, it was agreed at the discussion that a special progress report should be prescribed for this Revenue Inspector for submission along with the fortnightly diaries and the progress made by him watched, till the arrears are cleared.

The several defects noticed in the village records can be put an end to, only by constant check of the registers and records on the part of the Revenue Inspectors, Tahsildar and Deputy Tahsildar during their tours.

10. Lastly I venture to submit that it is hardly possible for me effectively to carry out requisitioning with the present staff. I estimate that at least One Deputy Tahsildar and 2 Revenue Inspectors will be necessary for each Taluk and I request that this staff may be sanctioned immediately for six months in the first instance. In this connection, I also request that Government may be pleased to sanction a Personal Assistant to the Collector for this District. Due to the food situation my work in the last few months has increased so much that I have hardly the time to attend to secret correspondence, with the result that some branch or other of my work suffers from time to time. I enclose copies of my reports dated 7-7-42 and 17-2-43 wherein I had given detailed reasons why a Personal Assistant is necessary for this district. I also request that along with the Personal Asst. another Huzur Head Clerk may be sanctioned to attend to work connected with war in my office. The work in the office has increased enormously all round and it finds it difficult to devote that amount of attention which these items require.
